

The Powerful Office Package

To keep up in today's competitive business world, you need the flexibility to optimally handle a variety of tasks. Besides taking care of your daily copying, printing and scanning jobs, you also need a device which can grow with your business. The compact Aficio™MP 2580 has been designed with exactly those thoughts in mind. While helping you save on costs and office space, it allows you to enjoy the benefits of high quality output, easy operation and exceptional paper handling. An entire wealth of capabilities united in one compact device. With the Aficio™MP 2580, a smooth running and cost efficient document workflow is within everyone's reach!

- Standard A3 printing, copying and scanning
- High productivity at 25 pages per minute (ppm)
- Standard duplexing saves you time and money
- Exceptional paper handling, now and in the future

Standard Features to Facilitate your Document Flow

Printing files, copying documents, scanning forms... these tasks still take up a considerable amount of your time. To make sure you can speed them up and focus on more urgent issues, the Aficio™MP 2580 offers high output speeds, simple operation and easy networking. The ideal combination for a faster business pace!

Integrated Scanning

To easily organise and archive your information, you can use the Aficio™MP 2580's handy scan capabilities. Simply digitise directly from the device through the operation panel or make use of the TWAIN driver. Books and magazines can also be scanned: you can do so straight from the platen glass.

Standard Printing with Networking Capability

Have a critical look at your document workflow and you will soon realise the importance of printing. Designed to handle any common office demand, the Aficio™MP 2580 provides standard printing based on Ricoh's advanced Dynamic Data Stream Technology.

The network interface board offers you all that you need for seamless network integration. Its network functionality lets you easily share all its powerful capabilities within your workgroup.

High office productivity

Are you ready for a productivity boost? With a short warm-up time, the MP 2580 is instantly available. At 25 pages per minute, your output is ready before you know it. You won't waste time with continuous refills thanks to the standard 1,100-sheet paper capacity and the optional 500-sheet paper trays.

Cost Saving Duplexing

Create double-sided prints and copies without compromising on productivity. As the Aficio™ MP 2580 takes care of duplex output at simplex speeds, you need not worry about delays. Along with saving on paper costs, you safeguard the environment.

Duplex output at simplex speeds

Full Featured Printing & Networking with Advanced Scanning Capabilities

Full Featured Printing & Networking

Easy networkability and an improved print workflow are a certainty with the MP 2580. This sophisticated device is ready to be used instantly without any setup or special configuration, ensuring hassle free integration into specific environments, even those which are non-Windows® based. Furthermore, network traffic is reduced through the PDF Direct Print functionality, increasing your total productivity.

Efficient Distribution

Distributing, organising and archiving your information is fast and easy thanks to the MP 2580 scan optional capabilities. You can send scanned files by e-mail or transmit them directly to your PC, a dedicated network folder, an FTP server, etc.

Intelligent Faxing*

- Deal swiftly with light to heavy fax traffic thanks to the 33.6 Kbps modem speed.
 - Reduce the distribution of printed faxes by transmitting them via the local network or forwarding them to any e-mail address.
 - Optimise your efficiency and forward faxes to a single person or an entire workgroup.
 - Save time and provide better output quality at the receiving end by sending fax messages directly from your PC (LAN fax).
- * Option for the MP 2580

Compact and easy to use

Virtually maintenance free, the MP 2580 is designed for maximum user friendliness. At the touch of a finger, the straightforward icon-based operation panel guides you through any job. Paper and toner are replenished in no time thanks to the device's full front accessibility and easy handling paper trays.

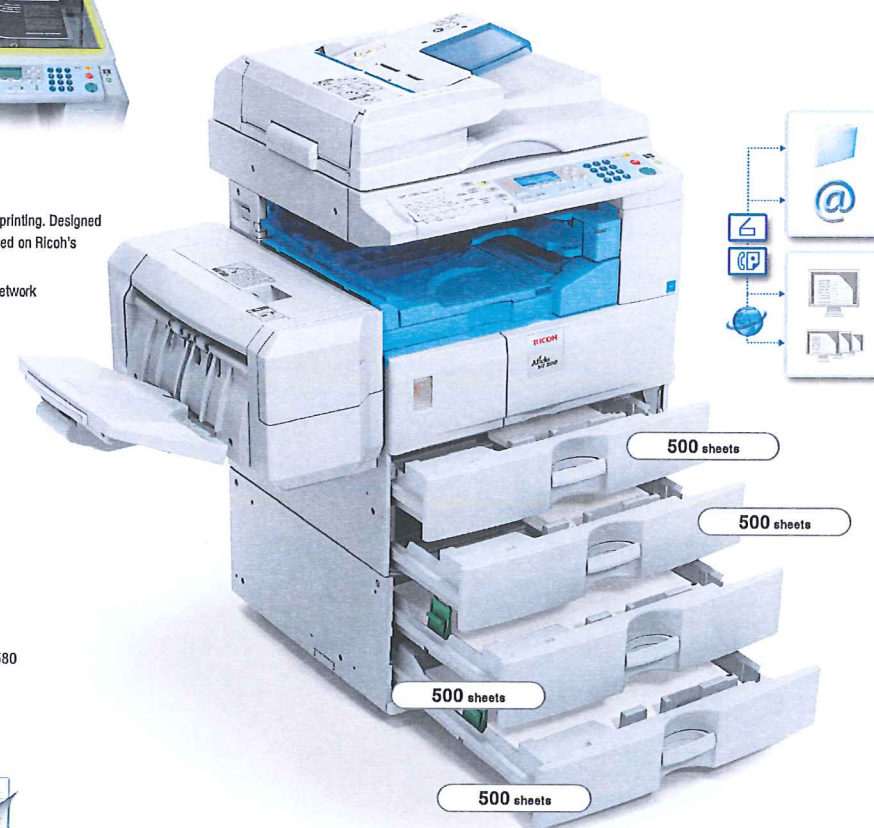

High tech security

Information security has become a priority for many organisations. Therefore, the Aficio™ 2580 adequately safeguards access and protects your valuable information. The security measures include various types of authentication, data encryption and IP filtering.

With the Environment in Mind

Like all Ricoh products, the Aficio™MP 2580 reflects Ricoh's commitment to the environment with the usage of toxic free materials*, limited ozone & noise emission and low energy toner production. The Aficio™MP 2580 goes even further and offers eco friendly standard duplexing.

* In compliance with EU RoHS directive (RoHS: Restriction of Hazardous Substances, effective from July 2006)
